Effects of Hot Khichdi recipe on a person with health issues : Best home remedies for skin problems People say that khichdi cures other problems such as bad luck. This type of food is not included in the food pyramid. There are hints to the good old dishes of our grandmothers - the khichdi they used to eat is far from the full of milk and wheaten flour food we eat today. As a result of the lesser intake of complete proteins and high fat diet, today's generation has many problems. Yet, our great grandmothers had to struggle through the famine days without any proper food. But many people don't seem to know what to cook with rice? The good old Khichdi is the most nutritious food for the poor. Our ancestors believe the khichdi keeps away poverty and diseases. To our ancestors, the poor didn't have a problem drinking water - they were not getting water to drink. But our ancestors considered it a divine food. By the time, the British came, they had established a well-to-do society. But at that time, they passed a law banning the serving of khichdi. People went into hiding the khichdi pots and plates and served the same to their friends without anyone's knowledge. Why should people take risks? So our ancestors came with such wonderful recipes for the British guests. Our ancestors have found the best mixture of the rice and lentils. Well, we have some new recipes for you. With its trickiness, it makes you feel that you have burst into happiness. When I say that khichdi is the best dish to beat the heat, I'm being 100% serious. Do I see your mind in turmoil? The food is just good enough to clean your gut and get you going. How hot is it? Just warm. To make khichdi, all you need is the rice and rice flour.

But they have given it a new look and that is what makes it unique. However, we have taken
